GWA – 2022

The Official Newsletter of the 38th Annual Great Walleye Assault

Big Lake Awaits Time to get “Back Where You Belong” -Tailspinner

Eagle River, WI An all-night meeting of the GWA Theme committee at an undisclosed location resulted in the selection of ‘Back Where You Belong’ as the official theme for the 38th annual Great Walleye Assault.

It was an exhausted and obviously inebriated Buck Tailspinner who staggered into Lumpy’s Bar on Thursday to share the news.

“Yup, the guys really went to the mat on this one,” stated Tailspinner. “It was decided early on that since this will be the 38th GWA and it will no doubt be special, that the theme had to be one of the songs from the band .38 Special. Well, the committee wanted to be thorough, so we listened to every .38 Special song ever recorded while just drinking one beer for each song. Turns out they had quite a few songs.”

“When we heard ‘Back Where You Belong’ we started thinking about Big Lake and campsite 35 and just knew that that’s where the Leinie’s Guys belong

when GWA rolls around,” continued Tailspinner. “It was really a no-brainer.”

“I like it,” responded Leinie’s Guy Keet Moericke when informed of the selection. “I’ll be there.”

“That works for me,” agreed Leinie’s Guy Lard Krueger. “I’ve been camping at the Big Lake campground for over half a century and site 35 is like an old girlfriend. I get a little teary-eyed just thinking about it.”

“Great job by the committee on this one,” echoed charter GWA member Joe ‘JJ’ Henry. “Sipping a cold Leinie’s by the campfire and looking out over Big Lake drops my blood pressure 20-30 points. It’ll be my 38th GWA and will be special for sure.”

Ask a Leinie's Guy...

Once again, the Leinie's Guy scratches the bottom of his mail sack to answer queries from one of his many admirers.

Q. Hey Leinie's Guy, I've been hearing that inflation is really bad, but my love doll just isn't the same without it. What gives?

-Blowing Up in Wausau

LG Well there, silicone slapper, before we get our air compressors overheated, let's crack open an ice-cold Leinie's Northwoods. Ahhh, there, that's better.

Now then, inflation. What you're probably hearing about is the increasing prices of goods and services, especially gasoline. These increases are referred to as inflation and, because of the negative effect it has on spending power, particularly for those on a fixed income, it is indeed considered bad. It has nothing to do with blowing up sex dolls.

However, interestingly enough, just the other day Leinie's Guys JJ Henry and Mikey Bishop were discussing the preferred P.S.I. for their latex 'companions'. Seems Mikey likes them a little 'bouncy' while JJ says 'the firmer the better.' So, apparently the amount of inflation in this case is a matter of personal preference. Do what feels right.

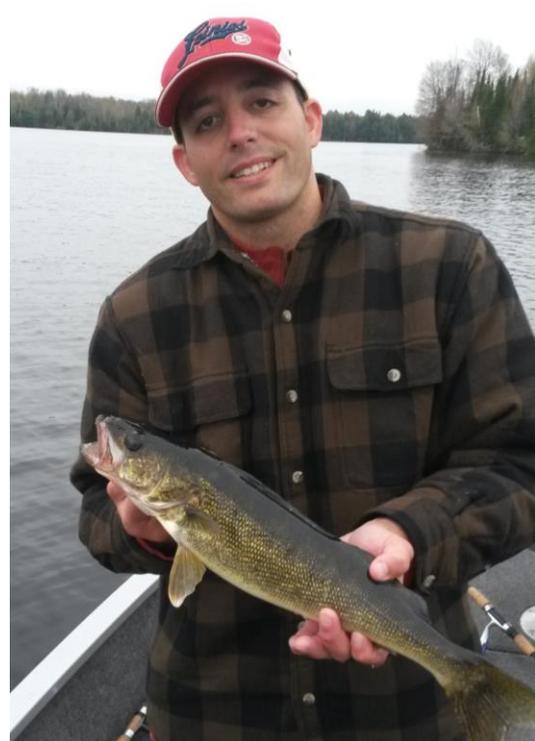

Now you know. Whew! Somebody grab me another Northwoods. I'm spent.

GWA Website Update

Louisville, CO A huge tip of the Leinie's cap and salute to Leinie's Guy wanna-be Chris "Killer" Kidwell for getting the GWA website updated.

"A lot of inquiring minds want to know all about GWA," stated organizer Buck Tailspinner. "So it's important that the website is out there and current. Kudos to Killer for his efforts! This is gonna get tens and tens of hits."

GWA Webmaster Chris Kidwell.

"It was nothing," muttered the ever modest Kidwell.

The GWA website can be viewed at: www.greatwalleyeassault.org.

Henry Declares Special Campfire Group Discussion

Wausau, WI Campfire Chat Chairman JJ Henry has announced a special group discussion to take place immediately following the opening ceremonies on Thursday May 12th.

Stated Henry, “I got to thinking the other day that when I drink water all day my pee is yellow, but when I drink beer all day my pee is clear. Why is that?”

“I figured if I put that question to the GWA brain trust, we’d have it noodled out in a matter of minutes,” stated Henry. “Heck, most of the guys are practically doctors, or at least they’ve seen a lot of doctors.”

Buck Shots...

Well, like a herd of deer in the headlights, once again the Leinie’s Guys have GWA bearing down on them at warp speed.

There’s gear to be located and upgraded, sustenance to be procured, schedules to be synchronized, and lake maps to be studied.

If there’s any place that the Leinie’s Guys belong, it’s at the Big Lake campground the second week of May. As always, it’ll be special.

- Buck
